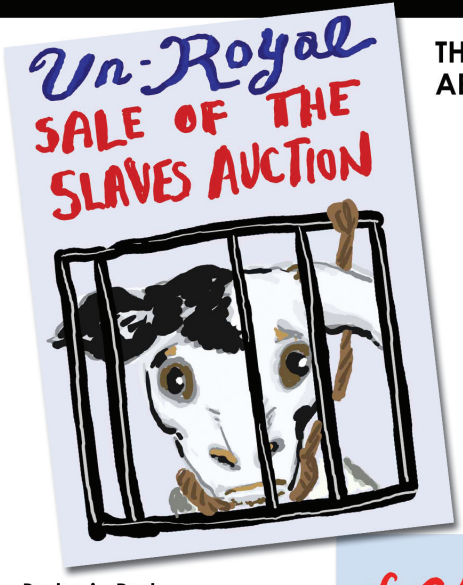
Welcome to the Un-Royal AGRICULTURAL WINTER FAIR

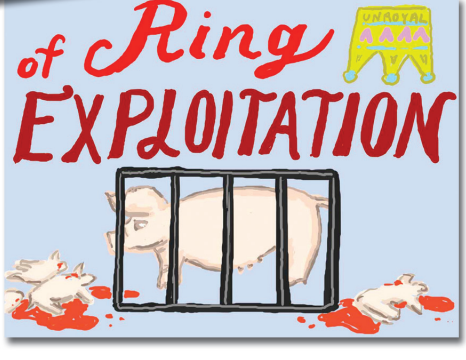


THERE IS NOTHING ROYAL ABOUT SLAVERY.

What's Un-Royal?

5 Auctions of Enslaved Animals
Frightening Pigs, Cows and Lambs will be presented for auction to farmers and butchers, viewed and treated as nothing more than the flesh that will bring them financial gain, and not the sentient, gentle and emotional creatures that they are.

(*Find out how to show your Royalty on the flip side*)

Barbaric Rodeo
Terrified animals are forced into events created for human entertainment, often ending in injury or death to the animals.


Misrepresentation
The Fair misleads the public with a drastic mispresentation of factory farms and how the farmed animals raised for meat and dairy are treated.
